

The Area's Premier Family Owned & Operated Senior Living Community

November 30, 2020

Dear Residents, Family Members and Resident Representatives,

We hope you had a nice Thanksgiving Day Holiday. We are writing to inform you that a staff member has tested positive for COVID-19 in our **Skilled Nursing** neighborhood. In addition, another staff member, also in our **Skilled Nursing** neighborhood, is showing symptoms for COVID-19 and is considered a Person Under Investigation (PUI). This staff member will not resume duties until an outcome is determined based on testing.

For our **Skilled Nursing** neighborhood, this delays our ability to resume activities such as Essential Caregiver visits and communal dining and activities. The table below has been updated to reflect these changes.

Neighborhood: Skilled Nursing		
Activity	Status	Service Resumption
Outdoor Visits	Allowed	N/A
Essential Caregiver Visits ¹	Suspended	Visits resume 12/14 ¹
Compassionate Care Visits	Allowed	N/A
Bereavement Visits	Allowed	N/A
Dining	In room	Communal dining 12/22
Activities	In room	Communal activities 12/22

1. Essential Caregiver visits may not resume until all residents have received two rounds of testing. Delays in receiving test results may impact the estimated date to resume Essential Caregiver visits.

Since our **Assisted Living** and **Recollections** neighborhoods are not impacted by this situation, the scheduled resumption of communal dining and activities has not changed. However, the increasing delays in receiving test results has caused us to modify our estimated return date for Essential Caregiver visits. As information, the New Jersey Executive Directive requires that we complete two rounds of resident testing before we are allowed to resume Essential Caregiver visits.

2500 Ridgewood Rd., Wall, NJ 07719
Ph: 732-528-9311 / Fax: 732-528-9026

The table below has been updated to reflect these changes to our **Assisted Living** and **Recollections** neighborhoods.

Neighborhoods: Assisted Living and Recollections		
Activity	Status	Service Resumption
Outdoor Visits	Allowed	N/A
Essential Caregiver Visits ¹	Suspended	Visits resume 12/7 ¹
Compassionate Care Visits	Allowed	N/A
Bereavement Visits	Allowed	N/A
Dining	In room	Communal dining 12/16
Activities	In room	Communal activities 12/16

1. Essential Caregiver visits may not resume until all residents have received two rounds of testing. Delays in receiving test results may impact the estimated date to resume Essential Caregiver visits.

These tables assume that we do not receive any additional positive test results for our residents and staff members. In addition, the service resumption date for Essential Caregiver visits is the estimated date that the visitation schedule will resume. Since the present guidance places restrictions on the number of visits we can accommodate in a day, every Essential Caregiver will not be able to visit their loved one on the date indicated in the table.

Please don't hesitate to share any comments, concerns or questions. We are committed to total transparency and we will continue to provide you with updates as soon any situations arise at Sunnyside Manor. Thank you for your ongoing support. We are all in this together.

Regards,

The Keane Family
