

*The Area's Premier Family Owned & Operated Senior Living Community*

January 14, 2021

Dear Residents, Family Members and Resident Representatives,

We received notification that two residents in our Recollections neighborhood have tested positive for COVID-19. In addition, a direct caregiver that performs services in all three neighborhoods has also tested positive.

The table below reflects the current status of our neighborhoods:

Neighborhoods: All		
Activity	Status	Service Resumption
Outdoor Visits	Allowed	N/A
Essential Caregiver Visits <sup>1</sup>	Suspended	Visits resume 2/1/21 <sup>1</sup>
Compassionate Care Visits	Allowed	N/A
Bereavement Visits	Allowed	N/A
Indoor Visits	Suspended	Suspended due to NJ CALI score
Dining	In room	Communal dining 2/10/21
Activities	In room	Communal activities 2/10/21

<sup>1</sup> Essential Caregiver visits may not resume until all residents and staff have received two weeks AND two rounds of testing with no further positives. Delays in receiving test results may impact the estimated date to resume Essential Caregiver visits.

Last week, the New Jersey Department of Health released an update to its Executive Directive 20-026. Under this revised directive, the testing of staff members for COVID-19 will be increased from once a week to twice a week. For the time being, this will not affect the testing schedule for Essential Caregivers.

As a reminder, Walgreens will be on site tomorrow, January 15<sup>th</sup>, to administer the first round of the COVID-19 vaccine. The vaccine will achieve its full effectiveness about 7 days after the second round of the vaccine has been administered. We're sure you share our sentiments that this vaccine protection can't come soon enough.

We are grateful to you for your ongoing support. Please don't hesitate to share any comments, concerns or questions. We are all in this together.

Regards,

The Keane Family
