

# SUNNYSIDE MANOR

*The Area's Premier Family Owned & Operated Senior Living Community*

April 1, 2021

Dear Residents, Family Members and Resident Representatives,

We are pleased to share that we will begin offering indoor visitation for our residents once again. We receive almost daily updates from the CDC and CMS. In addition, the NJ Department of Health, our primary regulatory agency, has recently updated its guidance. The COVID-19 vaccine has been administered and our testing, screening and ongoing infection control processes continue to be effective in minimizing risks of infections. Based on these factors and the updated guidance, we believe it is safe for our residents to receive visitors on a schedule basis.

New Jersey is once again in the news because of our rising number of COVID-19 cases. It is more important than ever to continue with common sense precautions – facemasks, handwashing, social distancing and continued testing and screening. We urge you to be mindful of this during your visits to Sunnyside Manor.

Please call (732) 528-9311 to schedule your visit. We are approaching this positive change with caution, and will initially be limiting the number of visits taking place at any one time. We will continue to provide outdoor visits to those that would be more comfortable outside.

We have attached a CMS publication to this email titled, “Mom’s vaccinated: when can I visit her nursing home?” This provides some good information we hope you will find helpful. We continue to be grateful to you for your ongoing support. Please don’t hesitate to share any comments, concerns or questions. We are all in this together.

Regards,

The Keane Family

2500 Ridgewood Rd., Wall, NJ 07719
