

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

May 21, 2021

Dear Residents, Family Members and Resident Representatives,

We continue to receive guidance lifting the COVID-19 restrictions, and we are so pleased and grateful to see things moving in the right direction. As we mentioned last week, facemask requirements have been lifted for many situations involving vaccinated residents such as indoor visits, meals and activities. In addition, restrictions on volunteers, hairdressers and outdoor trips have been eased. In fact, earlier today I saw some very excited Assisted Living residents boarding our shuttle bus for a trip to the Spring Lake boardwalk on this beautiful spring day.

The end of routine testing for vaccinated healthcare workers has been big for us. As we know all too well, earlier this year we had to shut down on a number of occasions because of positive test results for vaccinated employees. These employees never had symptoms, and they often tested negative for the coronavirus on the very next day. We felt this was very unfair to our residents, and we are glad we no longer have to worry about suspending our reopening for this reason.

Your support throughout these very difficult times means so much to us. We can't thank you enough for your patience and understanding. We hope you have a wonderful weekend.

Regards,

The Keane Family
