

*The Area's Premier Family Owned & Operated Senior Living Community*

April 30, 2021

Dear Residents, Family Members and Resident Representatives,

This week we received favorable updated guidance from CMS and CDC for long term care facilities. This guidance lifts many of the restrictions on indoor visitation, dining, activities and testing for those who are fully vaccinated. As we know all too well, the current guidance has required us to delay our reopening whether or not a resident is fully vaccinated. This has been frustrating for all of us, and we are pleased to see the guidance finally taking the vaccination status of our residents and staff members into account.

We are not allowed to adopt these changes quite yet, because we are required to follow the guidance put forth by the NJ Department of Health. However, since the NJ Department of Health has historically followed CMS and CDC guidance, we are hopeful that updated guidance is forthcoming. We will continue to provide updates as we learn more.

Thank you for your ongoing support. It means so much to us. We are all in this together.

Regards,

The Keane Family
