

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

June 25, 2021

Dear Residents, Family Members and Resident Representatives,

Once again, we're thankful this week has been uneventful from a COVID-19 perspective. We continue to get back to normal, albeit a new normal, as it becomes safe to do so. During the pandemic, we had to put much of our furniture in storage because our seating in the common areas created an unsafe situation for our residents. We have slowly been bringing back our furniture as restrictions have been lifted, and this week we were able to finally bring back the last of it. We've ordered new furniture for our Recollections neighborhood, and we're looking forward to having this in place. The furnishings really add to the comfortable, homelike feel of our community.

Our staff vaccination rate continues to improve each week. We provide education to our unvaccinated staff members on a weekly basis, and we believe the continuous communication and knowledge sharing is having a positive impact. For those of you who are still contemplating the vaccine, there is overwhelming data that COVID-19 vaccines are safe and nearly 100% effective at preventing death or hospitalization from COVID-19. Almost 600,000 Americans lost their lives to COVID-19, and an estimated 3.3 million Americans will have long term effects from it. If you would like help finding a location to receive a vaccine, please don't hesitate to reach out to us and we will be more than happy to assist you.

We hope you have a wonderful weekend. Thank you for your ongoing support.

Regards,

The Keane Family
