

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

July 2, 2021

Dear Residents, Family Members and Resident Representatives,

Once again, we're thankful this has been an uneventful week from a COVID-19 perspective. Our staff vaccination rate improved again this week, and we are continuing to provide education to our unvaccinated staff members on a weekly basis. Last week, many counties in New Jersey experienced an increase in the COVID-19 Activity Level Index (CALI). Although Monmouth and Ocean counties did not report such an increase, this underscores the importance of increasing the vaccination rate in the community. As we mentioned last week, for those of you who are still contemplating the vaccine, there is overwhelming data that COVID-19 vaccines are safe and nearly 100% effective at preventing death or hospitalization from COVID-19. Please don't hesitate to reach out to us if you need assistance finding a location to receive the vaccine.

Our weekly updates started almost a year ago as a way to keep you informed of COVID-19 updates and to help us all feel more connected during such a difficult time of isolation. We hope these updates are still useful to you. We feel strongly that communication is a two-way street, and we want you to know we are accessible to you if the need arises. In the spirit of open communication, we are including our email addresses below in case you would like to contact us directly.

We hope you have a wonderful July 4th holiday weekend. Thank you for your ongoing support.

Regards,

The Keane Family
