

# SUNNYSIDE MANOR

*The Area's Premier Family Owned & Operated Senior Living Community*

July 23, 2021

Dear Residents, Family Members and Resident Representatives,

We are, once again, pleased to provide an update that does not include any setbacks from COVID-19. We started these weekly updates to keep you informed of our COVID-19 status during the difficult days of the pandemic, and we hope that things will continue to improve to the point that these letters will no longer be necessary. If there are any areas you wish us to address in these updates, please let us know. On a personal note, last week I mentioned that the NY Yankees had canceled a game due to COVID-19. Thankfully they resumed their games after the one-night suspension, so my sons and I were able to enjoy a fabulous evening at Yankee Stadium filled with unruly fans, multiple home runs and a lunatic fan who ran across the field.

As we mentioned last week, our programming has been quickly expanding back to the way things were during the pre-COVID days, and our residents are thrilled. Based on the huge success of last weekend's therapy dog visit, we have scheduled a number of visits with multiple dogs. We have also been scheduling outside entertainers to perform at Sunnyside, which should make everyone happy.

For those of you who are still on the fence about the COVID-19 vaccine, we're including a reminder about the safety and effectiveness of the COVID-19 vaccine. As we've communicated, there is overwhelming data that COVID-19 vaccines are safe and nearly 100% effective at preventing death or hospitalization from COVID-19. We'd be happy to provide assistance finding a vaccine location for anyone who needs it.

We hope you're having an enjoyable summer. Once again, we thank you for your ongoing support.

Regards,

The Keane Family
