

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

September 10, 2021

Dear Residents, Family Members and Resident Representatives,

We are writing to provide an update on status of our testing. In our Skilled Nursing neighborhood, we have completed the first round of required testing of residents and staff members for COVID-19 without any positive test results. Therefore, we are able to resume visitation today. In our 'Independence Plus' Assisted Living and Recollections neighborhoods, we are pleased that we have not had any additional residents test positive for COVID-19 since our notifications earlier this week. However, because we are required to complete two rounds of testing, we are not yet able to resume visitation for these neighborhoods.

As a reminder, outdoor visits are not impacted by this situation. Based on the weather forecast, the next several days should bring perfect weather to enjoy some special time outdoors with a loved one. In addition, we will work with those who have scheduled indoor visits to see if the circumstances warrant a compassionate visit, since compassionate visits have also not been suspended.

Last, but certainly not least, we wish to acknowledge that tomorrow is the 20-year anniversary of the tragic day of the attacks on September 11th. That event was a true test of the American spirit. As has been said over and over, we will never forget.

Please don't hesitate to share any comments, concerns or questions. Thank you for your ongoing support. We are all in this together.

Regards,

The Keane Family
