

The Area's Premier Family Owned & Operated Senior Living Community

October 8, 2021

Dear Residents, Family Members and Resident Representatives,

We are writing to inform you that two fully vaccinated staff members from our Skilled Nursing neighborhood have tested positive for COVID-19. One of these staff members is a direct caregiver.

As per the current guidelines, our Skilled Nursing residents and staff members are required to undergo two rounds of testing for COVID-19. The first round of resident testing has been completed and we are pleased to report that we did not have any test results that were positive for COVID-19. We expect to complete our staff member testing by tomorrow morning. To date, we have not had any additional staff members test positive for COVID-19. In addition, we tested our residents from our Independence 'Plus' Assisted Living and our Recollections neighborhoods for COVID-19, and we did not receive any positive test results.

As a result of this discovery, we are required to suspend indoor visitation in Skilled Nursing until we have completed two rounds of testing and 14 days have passed. Compassionate care and bereavement visits are not impacted.

Please don't hesitate to share any comments, concerns or questions. Thank you for your ongoing support. We are all in this together.

Regards,

The Keane Family
