

# SUNNYSIDE MANOR

*The Area's Premier Family Owned & Operated Senior Living Community*

September 24, 2021

Dear Residents, Family Members and Resident Representatives,

We are pleased to report that we have not had any additional residents or staff members test positive for COVID-19. Therefore, we have successfully completed the two rounds of outbreak testing that are required for our Independence 'Plus' Assisted Living and Recollections neighborhoods. Assuming we remain free of COVID-19, we will be able to resume visitation for these neighborhoods on Monday, September 27<sup>th</sup>. Our Skilled Nursing neighborhood completed its required testing earlier this month and has already resumed visitation.

As a reminder, all visitors are now being asked to take a BINAX COVID-19 rapid test prior to their visit, regardless of their vaccination status. We are also asking all visitors to show proof of vaccination before entering the building. For those visitors that are not vaccinated or who are unable to show proof of vaccination, the current policy of requiring full PPE will remain in effect. Lastly, in an effort to minimize the potential for exposure to COVID-19, we are requiring that all packages be delivered to our loading area in the back of the building until further notice.

Please don't hesitate to share any comments, concerns or questions. Thank you for your ongoing support. We are all in this together.

Regards,

The Keane Family
