

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

December 24, 2021

Dear Residents, Family Members and Resident Representatives,

While we wish Covid-19 was a thing of the past, we are happy to report that those individuals that have tested positive have been either asymptomatic or had minor symptoms. Based on this, we urge you and your loved one to get the booster as soon as possible.

The COVID-10 Activity Level Index (CALI) for the entire State of New Jersey is still orange ("high"). In keeping with the CDC and NJ Department of Health guidelines, we are still testing all visitors, regardless of vaccination status, for COVID-19. This past week's testing prevented three visitors that tested positive from entering the building. Thank you for working with us in keeping our residents as safe as possible.

We wish you a very Merry Christmas and a happy holiday season. Personally, our families' celebrations are not as we expected, as everyone knows someone that has either tested positive or been exposed. Thankfully, the horror of last year is no longer heavy on our hearts with worry of loss of life. We are so grateful that all of our residents and over 90% of our staff are vaccinated.

Thanks to all of you for your ongoing support. Please don't hesitate to share any comments, concerns or questions. We are all in this together.

Regards,

The Keane Family
