

# SUNNYSIDE MANOR

*The Area's Premier Family Owned & Operated Senior Living Community*

January 13, 2022

Dear Residents, Family Members and Resident Representatives,

We've writing to inform you that five additional residents in our Skilled Nursing neighborhood have tested positive for COVID-19. In addition, two non-direct care staff members who provide services for our three neighborhoods have also tested positive.

Please note that our policy of continuing visitation during these weeks of high COVID-19 positivity is a mandate that we are required to follow. Although we may not necessarily agree with this mandate, we understand that these visitation rules were put forth to avoid the isolation that negatively impacted the physical and mental health and wellbeing of so many residents during the early stages of the pandemic.

We will continue to test all visitors for COVID-19, regardless of vaccination status, prior to entering the building. All visitors must continue to wear a facemask at all times, even when alone with the resident in their room. If you are showing any symptoms or have had direct exposure to someone with COVID-19, we urge you to delay your visit so that you don't infect others.

Thank you for your ongoing support.

Regards,

The Keane Family
