*The Area's Premier Family Owned & Operated Senior Living Community*

March 25, 2022

Dear Residents, Family Members and Resident Representatives,

We're pleased to report that we continue to remain COVID-free at Sunnyside Manor. We're continuing to follow the trajectory of the Omicron BA.2 subvariant. According to the reporting we've read, this subvariant has been spreading rapidly and is expected to be the dominant variant in the US. However, although cases are expected to rise, another surge is not expected. We'll continue to follow this and share updates as we learn more.

Thankfully, this is another week without much to report. As always, we thank you for your ongoing support. Please don't hesitate to share any comments, concerns or questions.

Regards,

The Keane Family
