

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

April 8, 2022

Dear Residents, Family Members and Resident Representatives,

We don't have any additional cases of COVID-19 to report at this time, although we're not out of the woods quite yet. As we've been sharing, the Omicron BA.2 subvariant is now the dominant version of COVID-19 in the United States. Cases are expected to continue to rise, although the surge we experienced with the Omicron variant is not expected to occur with this subvariant.

Although our Skilled Nursing and Recollections neighborhoods have not yet been impacted by this subvariant, our Independence 'Plus' Assisted Living neighborhood has had a number of cases. Unfortunately, this has required us to suspend communal dining and activities for this neighborhood until the necessary rounds of testing have been completed. We understand that isolation created by suspended communal events is difficult for most of our resident population, and we are working to creatively find ways to engage our resident population while keeping them safe. Please know that we will be resuming our activities, including bus trips and outside entertainment, just as soon as we are able.

Thank you for your ongoing support.

Regards,

The Keane Family
