

SUNNYSIDE MANOR

The Area's Premier Family Owned & Operated Senior Living Community

August 5, 2022

Dear Residents, Family Members and Resident Representatives,

We're pleased to report that we made it through another week without any new cases of COVID-19. The latest reporting from the New Jersey Department of Health shows that the CDC COVID-19 Community Transmission levels are still high in every county in New Jersey. If you are experiencing COVID symptoms or have been exposed to someone who has tested positive for COVID, we urge you to delay your visit to Sunnyside. As you've likely seen in the news, this subvariant is extremely contagious and we appreciate your support of our efforts to keep COVID out of Sunnyside.

You may have seen a few unfamiliar faces in our Skilled Nursing neighborhood this week. The New Jersey Department of Health conducts a periodic unannounced survey of all skilled nursing facilities. Our survey began this past Wednesday, and is expected to continue into next week. The survey team will be performing an intensive review of all facets of our operation. The survey will include interviews with some of our residents and their family members. If you are approached by a member of the survey team, we ask that you take the time to answer their questions.

We hope you have an enjoyable and safe weekend, and we thank you all for your ongoing support.

Regards,

The Keane Family
